|-----|--|
|     | I have paid back or will pay back financial aid for the spring term 2024 after 20 September 2024.  |
|     | You can reduce the number of months of financial aid taken into account when monitoring academic progress by voluntarily paying back financial aid for the spring term 2024. Any financial aid repaid is recognised for academic progress purposes if it is repaid at the latest by 25 October 2024. State the months for which you have paid back financial aid under section 5.          |
|     | If you have started your studies before 2024 and completed less than 20 credits, repayment of months of financial aid does not affect the monitoring of academic progress, unless you repay the financial aid for all the months of financial aid in the academic year 2023-2024. Please note that financial aid can no longer be repaid for the autumn term 2023.                         |
