

i The EU Disability Card is optional and available for a fee. Its purpose is to help persons with disabilities communicate and engage with others both in Finland and within the EU.

When you have filled in this form, Kela will check if you are entitled to order a Disability Card. You must order the card yourself through a card ordering system. The coordinating body in Finland is the Disability Card Office (Vammaiskorttitoimisto), www.vammaiskortti.fi/en/in-english.

The data on this form and in its enclosures and the data generated when processing the application in the card ordering system form two personal data registers (The EU Data Protection Regulation 679/2016). One register is formed at Kela and one at the administrator of the card ordering system.
