

Are you 65 or older?

You can now see a private general practitioner at the price of a public one anywhere in Finland. The general practitioner needs to take part in the freedom of choice pilot study.

If you fall ill

- ✓ you can book an appointment with a private general practitioner
- ✓ you get faster access to treatment
- ✓ you know how much you have to pay in advance
- ✓ you pay less for certain examinations and tests.

The services don't include

- ✗ appointments with a specialist
- ✗ health checks for example for age-related reasons or to get a medical certificate for your driver's licence
- ✗ services provided by a nurse.
